SOLUTIONS NETWORK

Here's what YourKP brings you with our Asset Management & Reliability Program:

- Troubleshoot: Identify, Document, Research
- Accountability: Asset, Date Installed, Tech, Case #, # of Times Repaired, Turn Around Time, Freight savings
- Investigate: Lifecycle, Cost of New, Cost to Repair, Quantity in Inventory, Warranty, # of Times Repaired
- Options: Repair, Exchange, Replace, Upgrade, Protect, Correct
- Increase: Critical Spares at a Lower Cost, MTBF, MTTR, Uptime, YOUR Capacity, Maintenance Budget
- Reduce: Unnecessary Inventory, Inventory \$\$\$, Downtime, Time Tracking Repairs, Freight, Repeat Failures
- Reporting: Warranty Tracking, Repair Vs. New Savings, Inventory Reduction, Problem Found, Repeat Failures
- Addition: To YOUR Maintenance, to YOUR Engineering, to YOUR Procurement, to YOUR Profit

How can we get started working with YOUR team?!
